

Crucial investment information...

Retirement plans compared...

If you had purchased \$1,000.00 of Nortel stock one year ago, it would now be worth \$49.00.

With Enron, you would have \$16.50 left of the original \$1,000.

With WorldCom, you would have less than \$5.00 left.

If you had purchased \$1,000.00 of Delta Air Lines stock you would have \$49.00 left.

If you had purchased United Airlines, you would have nothing left.

But, if you had purchased \$1,000.00 worth of beer one year ago, drank all the beer, then turned in the cans for recycling, you would have \$214.00.

Based on the above, the best current investment advice is to drink heavily and recycle.

This is called the 401-Keg Plan
