

History of State Farm #810-812 Issued September 1959, Age 28 Male, \$388.40 Annual Premium

“Yes. The annual dividend is ten times the annual premium. I have now received three annual dividend checks. One more and I will have recovered all my cost basis -- Yet I will continue to receive dividends of this range as long as I live. The death benefit is five times the original at time of purchase. (So, it has kept up with inflation perfectly, although I have been putting in depreciating dollars.) But, best of all -- I have made three very good investments with policy loans from this policy.” – R. Nelson Nash
